About Munshiram Manoharlal Publishers

Established in 1952, MRML is one of the leading publishers of Social Sciences and Humanities with a particular emphasis on Indology. MRML is committed to publishing quality books by both renowned and upcoming scholars and has developed a list of over 1500 titles.

If you are authoring or editing a book within our fields of publishing, please contact our Editorial Department, we will be happy to discuss your proposal.

Besides our own publications, we stock books published by other Indian and international publishers and can serve all your book requirements through our worldwide search network. For more information write to us.

About this catalogue

This catalogue includes all the books published and distributed exclusively by us. It also carries a list of forthcoming titles and an index. **To receive our catalogue regularly fill the form at the end of catalogue and return to us.**

The Mahabharata

translated from original Sanskrit text into English by

KISARI MOHAN GANGULI

The only complete and authentic English translation

The *Mahabharata* in its present form is equal to about eight times as much as the *Illiad* and *Odyssey* put together. The nucleus of the *Mahabharata* is the great war of eighteen days fought between the Kauravas, the hundred sons of Dhritarashtra and Pandavas, the five sons of Pandu. The epic entails all the circumstances leading upto the war. In this great Kurukshetra battle were involved almost all the kings of India joining either of the two parties. The result of this war was the total annihilation of Kauravas and their party and Yudhishthira, the head of the Pandavas, became the sovereign monarch of Hastinapura, symbolizing the victory of good over evil. But with the progress of years new matters and episodes relating to the various aspects of human life, social, economic, political, moral, and religious as also fragments of other heroic legends came to be added to the aforesaid nucleus and this phenomenon continued for centuries until it acquired the present shape.

This very fact that the *Mahabharata* represents a whole literature rather than one single and unified work, and contains so many and so multifarious things, makes it more suited than any other book to afford us an insight into the deepest depths of the soul of Indian people.
